Summer 2018

ALL THE NEWS FROM YOUR PARISH COUNCIL

Shenstone Parish Council New Chairman

At the Annual Meeting of Shenstone Parish Council I was honoured to be elected as its Chairman for the forthcoming year.

I must start my term of office by thanking Cllr. Mrs. Rita Hancocks for the past two years of her excellent Chairmanship, her dedication to duty, her devotion to the role and her obvious and long-standing concern for the wellbeing of our whole community.

I will endeavour to fulfil the role to the very best of my ability and trust

that my fellow Councillors will support me, as they have Rita.

The Parish Council, as a tier of local authority, carries little actual direct power, but as your elected community representatives we can be of great value in taking issues forward in the right direction or lobbying on your behalf. Please do not hesitate to contact one of

your Parish Councillors or the Parish Clerk with your concerns. All of the contact details are on page 8.

I can assure you that your voice will be heard.

David Salter.

Speed Watch is an initiative run by Staffordshire Police where local people monitor the speed of vehicles in their area. A record is made of speeding vehicles which is passed to the Police to follow up.

Stonnall has a small group of volunteers who have, to coin a phrase, "put their money where their mouth is" - they have decided that instead of just complaining about the speed of traffic through the village they would do something about it. They have been trained in the use of a radar speed detection device by the Police and have carried out regular checks around the village. Andrea Horsnall the Police Community Support Officer for Stonnall and the surrounding area has given, and continues to give support to the group.

Some of you may have noticed the Speed Watch volunteers around the village. If you feel that this is something worthwhile and would like to help keep our village safe please contact Andrea at Lichfield Police or one of your Parish Councillors.

Shenstone also has a very active group of volunteers equally committed to this important campaign.

SHENSTONE PARISH COUNCIL
 COMMUNITY CLEAN-UP GARDENING EVENT
 ST. JOHN'S CHURCH
 SHENSTONE
 SATURDAY 30th JUNE 2018.

To all residents of Shenstone,

St. John's Church is a landmark of our village which can be seen from several miles away on the top of the hill. Outer areas of St John's churchyard have become overgrown in recent years. They are outside the scope of the grounds maintenance contract and are in need of some attention.

A community clean-up gardening day has been arranged for the morning of Saturday 30th June 9.00am to 1.00pm. Residents and people with links to Shenstone are invited to turn up with hedge and grass trimmers, shears or just a pair of gloves to spend a morning cutting back and tidying up. We will be taking care to protect any wildlife habitats. The Parish Council will be providing green waste bags and will arrange for their disposal. The Parish Council will also provide a work briefing and refreshments for all volunteers in St John's Church from 9.00am.

Please support this event if you can so that the churchyard gets a modest makeover. Please bring any protective clothing that your equipment manufacturer recommends.

For further information contact Cllr Neil Perry, Cllr David Thompson, or, call in to see or phone the Parish Clerk, Shirley O'Mara: 01543 481 947.

Let's show that we love where we live!

Stonnall

Each year Shenstone Parish Council grant funds to worthy projects in the Parish. Up to £1,000 is available to organisations and community groups.

For the year 2018-2019, Stonnall was awarded £2,750 for three projects in the village.

Stonnall Village Hall has received £750 towards some new velvet stage curtains. The old ones had seen many productions over many years, so as part of the refurbishment of the hall, new curtains are to be fitted in May. Next time you come to see the performances from the Stonnall Players and the Mint Theatre, please look at our new curtains.

Stonnall Youth & Community Centre was the recipient of £1,000 towards upgrading the floor. The Management Committee for the "Hut" have been working hard to increase lettings to help their overheads and a new floor will encourage more dancers.

Stonnall Playing Field requested and got £1,000 towards a new piece of play equipment in the children's area. The Association committee is looking to install a cantilever basket swing (see photo). Whilst giving a thrilling experience to several children at a time; it can also be used by a disabled child who can be lifted in and gently swung from side to side. It is intended to have this in situ before the summer holidays.

The residents of Stonnall are very grateful for the support of Shenstone Parish Council with their community projects.

Stonnall Best Kept Village

Stonnall has entered the Staffordshire Best Kept Village award for the third year running. The village narrowly lost out on the top prize last year, and this year it would be great to go one better. It is an opportunity for people of all ages and abilities to bring about an improvement in our village. The aim is to encourage a community spirit with the ultimate goal of becoming 'Best Kept Village'.

The judges will arrive unannounced between 1st May and 25th July, and they will make at least two visits to the village. This means we have to be spick and span for at least three months over the summer. Many people in the village help out at this time, a recent litter pick on the playing field yielded half a black sack of debris.

So, if you are inspired to help out in whatever way you can the BKV team would be more than happy for more volunteers and helpers.

Contact Valmae for more information on hassall18@hotmail.co.uk

Stonnall Dog Poo Problem

Recently the instances of dog poo on the pavements and playing field of Stonnall appear to have become much worse. The fear of being caught and fined doesn't seem to be any deterrent to serial offenders. It isn't the dogs fault; it is the owners who would appear to have no thought for the health and wellbeing of the children who use the playing field and walk our village pavements. Blindness caused by Toxocariasis affects up to 100 children every year and this is caused by contact with dog poo.

Please clean up after your dog!

Meet our new Councillors

Stuart Jones - Councillor for Shenstone

I am a retired teacher and a father to two girls and five grandchildren, all of whom live locally. I have lived in Shenstone for 25 years. Having never settled prior to this for longer than two years, it says something about what I think about living here. I enjoy gardening and have quite a large plot and an allotment in Stonnall. In addition to being a member of the Parish Council I also keep myself busy volunteering as a barista in our community library; I'm a member of Community Speedwatch; I'm involved in keeping the Lammas land tidy and I also serve on a fostering agency panel and within a local charity. I am a member of the Shenstone Community Library Local History Group and am particularly involved in developing a Heritage Trail around Shenstone.

Nicola Macdonald - Councillor for Stonnall

I was co-opted on to the council in March 2018 to represent the ward of Stonnall and Little Aston. My family and I moved to Stonnall in 2013 and we love being part of this community. I wanted to become a councillor because I am passionate about the future of Stonnall and contributing to the community. I also wanted to be involved in making decisions to make our villages the best and safest they can be.

Little Aston Recreation Ground

It has been an interesting and busy year at the recreation ground. Much has been achieved as a result of our committee's hard work and efforts along with other volunteers who have helped us throughout the period.

At the beginning of this year Shenstone Parish Council very kindly supported our request to provide a more specialist team of workers to carry out the landscaping tasks that are contracted out to other agencies. The new team begin work this month and we are confident that, where needed, they will work closely with our own groundsman and volunteers.

We have recently negotiated and agreed a joint Management Agreement with Shenstone Parish Council who are the owners of the land that comprises the recreation ground. This Agreement clarifies our respective roles and gives both parties security of tenure for future years.

After much planning and advice from the West Midlands Ambulance Service we have now installed a community defibrillator at the recreation ground. This will be an important resource in the event of an emergency, serving both our immediate neighbourhood and the thousands of visitors who come to the recreation ground every year.

We have undertaken many horticultural developments during the past year to further improve the landscape. Our enthusiastic team of volunteer gardeners have maintained the grounds and its borders to a very high standard. In November of last year, they also established a new winter border by replacing some mature native trees with specialist ones and then under-planting with 10,000 crocuses. It will be a fantastic sight over the years to come.

Also, last autumn we began planning the development of a sensory garden to be a resource for all members of the local community. In October of last year, we held a consultation day to share the initial plans with visitors to the recreation ground and we have since liaised with local schools and other agencies. This exciting and innovative project is well underway but will be largely dependent upon grant funding. If we are able to complete this scheme, then it will be the only sensory garden in the area established in a park providing free access to the public.

There have been and will remain ongoing challenges in continuing to maintain and develop a clean, safe and stimulating environment for our many visitors. However, in tackling these issues, I have been fortunate to work with both an established, hardworking and resourceful committee and with the full support of Shenstone Parish Council. I would like to offer and record my thanks to them all. It has been another successful team effort throughout the year to further develop and improve our beautiful recreation ground.

Phil Berry, Chairman, Little Aston Recreation Ground Association.

Shenstone Community Library goes from strength to strength!

Ian Ridley, an artist from Worcestershire, opens his recent exhibition in the coffee shop's gallery.

It is now over a year since the grand opening of Shenstone Community Library and what a busy and exciting year it has been. The library, always an important place in the village, has changed over the last year, increasing the days it is open, widening its activities and dramatically increasing the numbers of visitors.

The library is playing an important role in the Parish with its lively and ever popular coffee shop, a revamped children's area, an art gallery and, of course, lots of books, magazines and the well-used computers. All the work involved in keeping the library running is done by volunteers, from the library desk and coffee shop staff, to cake bakers, and organisers of events - including several weekly children's events. Without our merry band of volunteers, the library would no longer be open. We are always delighted to add new names to our list - if interested, just pop in and speak to whoever is at the desk.

Long standing events have continued during the year and include the book clubs; baby bounce and rhyme (now on twice a week because of high demand); story time; one-off children's events on Saturdays with wonderful craft work, and more. New events have been added to our calendar and the library has more regular activities and lots of special events. Daytime events include Knit and Natter on the second and fourth Wednesday mornings of the month, and Board Games when laughter can be heard emanating from the building if you happen to walk past on a Tuesday afternoon. Alan, our IT Buddy, is in the library every Wednesday from 9am till 1pm to help with computer problems large and small. Our monthly Local History sessions held on the first Wednesday of the month at 1pm are really popular and you can just turn up on the day - topics are advertised in advance. Special events have been very well attended with lots of them fully booked.

The famous Shakespearean actor David Garrick (actually actor David Tittle) entertained us one evening. It was a wonderful piece of theatre, and he will be back again in the Autumn.

The Summer Reading Challenge is a key event for children in the area, and it takes place over the summer holiday. Please come along to register your children if they're aged between four and eleven.

The coffee shop is a great place to meet friends or make friends. The quality of the coffee and cakes is excellent, the environment is bright and welcoming and the volunteer staff incredibly helpful. The walls of the coffee shop have been transformed into an art gallery with the installation of professional hanging and lighting systems. The exhibitions change every month and include single artist's work, work from Art Societies, local history displays and displays from King Edward's School - all of them enhance the space. Our sales rates for commercial exhibitions are very reasonable.

All that we do now will continue into our second year and no doubt the activities will continue to grow.

The library welcomes everybody, primarily as a place to read, borrow books, and provide a safe and happy environment for children, families, the elderly and everybody in-between. Come and visit if you haven't been already and see just how successful this community initiative has been.

Parking Issues, Shenstone Railway Station

Roads in the vicinity of Shenstone Railway Station are regularly used for commuter parking by rail travellers who park their vehicles both in the roadways, on footpaths and directly on corners causing danger and inconvenience to local residents both in their own vehicles and on foot.

This issue has been reported previously both in this newsletter and on the Shenstone Parish Council Website www.shenstone-staffs.gov.uk

Councillors have been involved in discussions with District and County Councillors and Staffordshire County Council Traffic Engineers specialising in these matters and they have acknowledged the problem.

A proposal was made regarding parking

restrictions adjacent to the railway station in Station Road and next to the junctions in Admiral Parker Drive. This was welcomed as it allowed for parking in the roadway but prevented the dangerous parking residents have been presented with.

Concerns were raised regarding these vehicles simply parking in the next road along, Richard Cooper Road, moving the problem to another local location.

Engineers acknowledged this concern and are preparing a second draft which hopefully will lead to consultation letters being sent to all affected addresses where residents can voice their own concerns to either support, oppose or add further suggestions to the proposals.

Further updates will be posted on Shenstone Parish Council Website when they are known

In addition, there have been concerns regarding the trees between the road and the railway track. Staffordshire County Council agree that the trees are potentially an added danger in that they effectively narrow the roadway and negotiations are underway to deal with this problem.

Review of St John's Lower Lawn Cemetery Burial Regulations, Shenstone

The Parish Council is the Burial Authority for the St John's Lower Lawn Cemetery. The Parish Council has become aware of the need for a renewal of the Burial Regulations. In particular the Parish Council is increasingly aware of the need to accommodate requests made on behalf of people who may not have been resident in the Parish Council area when they died but have previously had a close association with the Parish Council area. Currently people who pass away and had lived outside the Shenstone Parish Council area have no access to the Lower Lawn open cemetery. As a result the Parish Council will soon issue proposals for the renewal of the current St John's Lower Lawn open Cemetery Burial Regulations. These proposals will be open to public consultation. Following consideration of the consultation responses formal changes to the Regulations will be the subject of a Parish Council recommendation to endorse the changes or maintain the status quo.

Lichfield District Local Plan Allocations

A great Shenstone success was achieved when in December 2017 Lichfield District Council dropped proposals to build houses on land at Lynn Lane Pumping Station and Millbrook Drive. This decision was a strong endorsement of both the provisions of the Parish Council's Shenstone Neighbourhood Plan and the well organised and effective "Save our Shenstone " campaign. Both sites had been previously carefully considered and rejected by residents during the Neighbourhood Plan consultation process and our local arguments to omit the two sites were again successfully brought to the attention of Lichfield Council.

As a result of the continuing requirement for Lichfield District Council to contribute to the West Midlands requirement for new homes over the next twenty years similar proposals may be tabled for sites elsewhere in the Shenstone Parish Council area in the future.

SHENSTONE PARISH COUNCIL WORLD WAR ONE COMMEMORATION

More than 1.1 million British and Empire service men and women gave their lives during the First World War so that future generations could live theirs. To mark the 100th anniversary of the end of hostilities and in recognition of their immense sacrifice, Shenstone Parish Council is purchasing three beautiful commemorative benches for each of the main villages. We would like to invite suggestions from residents as to where you would like them placed; perhaps the church grounds or on the playing fields? We welcome ideas from Shenstone, Stonall & Little Aston. Please direct suggestions to Shirley O'Mara, The Parish Clerk at admin@shenstone-staffs.gov.uk or on 01543 481 947 by end of September.

Shenstone Village Hall: re-opening

Shenstone Village Hall re-opened on Saturday April 7th after extensive building work to the roof. Impaired by bad weather, the work has taken longer than expected with the whole roof and supporting structure having to come off and new roof trusses and supports installed. The roof tiles have been replaced and new rainwater gutters etc. have also been fitted.

Inside, the main hall electrics have all been replaced and now include new low energy dimmable lighting and new power sockets. The ceiling and suspended ceiling has also been replaced and the end wall has been rebuilt and redecorated. Local community groups are delighted to have brand spanking new facilities back.

Pictured cutting the ribbon are the Shenstone Village Hall Committee Jeff Peacock, Andrew and Jackie Smith, Cllr Rita Hancocks, Mary Jones and Jean Coton.

Speeding on the A5127 and link roads (on behalf of A5127 residents group)

Some of the A5127 residents have recently written letters to PCC Matthew Ellis and MP Christopher Pincher to look at the speeding on the A5127 and its knock on effects on roads feeding off it. Residents expressed concerns over their own and their children's safety walking on the pavement to school. Recent incidents include, a car veering off the road in front of a group of walkers and hitting a wall, the turf lorry that couldn't stop, the three car pile-up at St Johns junction, the running over of a family dog and others

After submitting letters to Matthew Ellis and Christopher Pincher from concerned A5127 residents, we have undertaken a comprehensive survey of traffic (and speeding) on the A5127.

- We have counted vehicles for 10 minutes at various times of the day.

The number of vehicles travelling towards Sutton and Lichfield are almost identical at all times.

The number of vehicles indicates that there is approximately 1200 an hour, potentially 28,000 a day.

- We have looked at the vehicles setting off the 30mph sign travelling towards Lichfield, again looking at 10 minute intervals. We have reported that the 30mph sign is only triggered at speeds \geq 36mph. We discovered that the 30mph sign is triggered by vehicles going in excess of 50mph by the speed limit metal 30mph sign, so that if cars are approaching at higher speeds the light is triggered earlier.

The government speed compliance statistics (<https://www.gov.uk/government/collections/speeds-statistics>) state that 53% of drivers exceed 30mph speed limits.

* This does not take into account possible vehicle reduction numbers in the hours between 24:00 – 06:00, but all surveys indicate that with the reduction of vehicles there is an increase in percentage of vehicles speeding at higher speeds.

Though there are several data collection and enforcement programmes in place we request & need a more permanent option. We continue to push for some enforcement and anyone who wishes to support enforcement should contact Matthew Ellis and Christopher Pincher

A5127 residents group

Full Parish Council Meetings 2018

Tuesday 12th June at 7.15pm, Stonnall Youth & Community Centre.

Tuesday 10th July at 7.15pm, Little Aston Village Hall.

NO MEETINGS IN AUGUST

Tuesday 11th September at 7.15pm, Shenstone Village Hall.

Tuesday 9th October at 7.15pm, Stonnall Youth & Community Centre.
