GIN TASTING

WEDNESDAY 28TH FEB, 7.30PM
SHENSTONE LIBRARY,
MAIN STREET, SHENSTONE

BOOKINGS:
TRANSITIONLICHFIELD@GMAIL.COM
NO CHARGE!

The Economics of Happiness: a short film by Local Futures - an international non-profit organization dedicated to renewing ecological and social well-being by strengthening communities and local economies.

"Localization is the best way to repair our ecosystems, our societies and ourselves."

Come and join us for an evening of thoughtful discussion on how making small changes locally can help with the bigger picture.

Hosted by Transition Lichfield and the Shenstone Library Environment Group, we will show this short film, followed up with discussion about some of projects happening around the District, with a positive slant to it all! And to keep us in the positive frame of mind, attendees can sample the delights of the locally produced, bee-inspired gins of The Apiarist!

7.30-9.30pm - no ticket required but please book in so we can cater for the right number - email transitionlichfield@gmail.com
